Amid the turmoil after her father's death—decisions to be made, the future of the family farm to be settled—Jane Brox, using her acclaimed "compassion, honesty, and restraint" (The Boston Globe), begins a search for her family's story. The search soon leads her to the quintessentially American history of New England's Merrimack Valley, its farmers, and the immigrant workers caught up in the industrial textile age. Jane Brox's first book, *Here and Nowhere Else*, won the 1996 L. L. Winship/PEN New England Award. Her work has appeared in numerous journals and magazines, and has been represented in Best American Essays. She is a frequent contributor to The Georgia Review. Jane Brox lives in the Merrimack Valley of Massachusetts.

Poor, misguided fellow. David Brancaccio, host of public radio's rambunctious and eclectic business program *Marketplace*, used to think the big problem with money was getting some. Didn't he understand that during a time of bounty the big problem is knowing what to do with money once you have it? It took a conversation with one of the richest guys in America to set him straight. "I think Warren Buffett's got the problem and Gates has the problem and Bloomberg's got the problem," the billionaire said. "And the problem doesn't just have to be at our level. It can be with people who have just a couple of million bucks." It was the second "just" in that sentence that made tears well up in Brancaccio's eyes. Most of us once thought the problem was getting some money. Now what? Squander: to spend or use something precious in a wasteful way. Squandering ranks even below "leaving it in a passbook savings account" on the list of the greatest personal finance sins of our age, according to Brancaccio, who hit the road to determine the right answer to the question of what to do with money. Brancaccio gets this question from *Marketplace* listeners all the time: What does one do with a lump sum, perhaps the proceeds from some stock options, the profit on the sale of a house, an inheritance, a bonus, a settlement, or even a modest accumulation in a savings account? A natural storyteller, Brancaccio has a clear, intelligent, and delightfully offbeat way of explaining to his listeners the complexities of business, investing, and the economy. He has access to rivers of market information that should help answer this question of what to do with money. But data do not necessarily equal wisdom, so Brancaccio hit upon the idea of venturing out on a random "walk" to acquire some street smarts. Imagining a windfall of his own and haunted by his own checkered history with money, Brancaccio embarked on a funny and irreverent personal finance pilgrimage. His travels took him from Minnesota's Mall of America to New York City's Wall Street to one of the poorest towns in the West. He encountered entrepreneurs in California, homeowners in New York, retirees in Arizona, and some folks following their lifelong dreams in Texas. A drifter in a desert offered advice. So did a U.S. secretary of the treasury. Along the way, Brancaccio was challenged by a cascade of practical and philosophical issues: If consumption drives the economy, is there something wrong with saving? Is there such a thing as a socially responsible investment? Is charity an investment? If you can't beat a Las Vegas casino, can you beat the stock market? While Brancaccio's journey was a personal one, his eye-opening adventures reveal a great deal about attitudes toward money in America at the dawn of the new century -- and they provide entertaining lessons about how best to spend, invest, and save.

**Finally, the information you've been waiting for: who really killed JonBenet? Perhaps the most compelling murder case of our day, the death of six-year-old JonBenet Ramsey galvanized the nation-and years after it occurred, the mystery still endures. Who killed the young beauty queen and why? Who is covering up for whom and who is simply lying? In JonBenet, the most authoritative and comprehensive study of the Ramsey murder, a former lead Boulder Police detective, Steve Thomas, explores the case in vivid and fascinating detail-pointing the way toward an analysis of the evidence some deem too shocking to consider. Here, Thomas raises these and many other provocative questions: -How was the investigation botched from the beginning-and why did police so carelessly allow the crime scene to be tampered with? -Why were John and Patsy Ramsey protected from early questioning and any lie-detector tests, even though their stories and behavior were erratic, suspicious and inconsistent? -Why was crucial evidence ignored, why were certain key witnesses unquestioned by detectives, and why were the Ramseys privy to sensitive information about the case and even police reports?**

**The untold story of how John Ramsey survived unspeakable tragedy and learned to hope again. Like the biblical Job, John Ramsey had it all-wealthy, social position, a loving family. And like Job, Ramsey was destined for great affliction, as many of the most precious things in his life were cruelly taken from him. First came the death of his eldest daughter in a car accident in 1992. Then, four years later, his beloved six-year-old, JonBenét, was murdered; Ramsey was the one who discovered her body, concealed in the basement of his family's home. The case drew international media attention, and-compounding Ramsey's woe-suspicion unfairly focused on Ramsey and his wife, Patsy. Although they were ultimately cleared of any connection with the crime, Ramsey's sorrows did not end. In 2006, Patsy died, at 49, of ovarian cancer. In this remarkable book, Ramsey reveals how he was sustained by faith during the long period of spiritual darkness, and he offers hope and encouragement to others who suffer tragedy and injustice.**
