## Five Problems Cause Engine Warning Light on Dashboard ...

The purpose of this warning light is to indicate a detected problem with the car and alert the driver about the issue. The OBD2 system illuminates the light when there is a problem with the car's engine, transmission or emission control system. The light turns on only for a reason and you should not ignore it.

What to do when Malfunction Indicator Light illuminates

...

What it means: This warning light means that there is low oil pressure in your car's engine. If you notice this warning light on your car, you should turn off your car's engine as fast as possible. Low oil pressure can cause serious damage to your engine, and you may have to do a whole engine replacement.

Car Dashboard Warning Lights & Symbols [19 Common Meanings]

Exterior light check Press the exterior light check switch

(1) on the ignition key or remote control for 2 seconds
