It's not hard time, but it feels like it. March and Jules have no intention of staying put. They know their father's business inside and out, and they're tired of being pushed around. When new classmate Bella, a ballet dancer, walks into Lola's class at Northland Elementary, all Lola can see is pink everywhere--pink ribbons, a pink sweatshirt, and pink tennis shoes. Yuck! Pink is Lola's least favorite color. Plus, Ballet isn't nearly as hard as soccer, is it? Lola and Bella can't seem to stop squabbling. But when a mishap during class lands them in Principal Blot's office, Lola's mom comes up with a scheme--a ballet scheme--that just might make these classroom rivals realize that ballerinas and soccer players have more in common than they ever thought possible. But is it too late for Lola to make a new friend?

Lola Levine likes writing in her diario, sipping her mom's cafe con leche, eating her dad's matzo ball soup, and playing soccer with her team, the Orange Smoothies. So what if she doesn't always fit in? Lola is fierce on the field, but when a soccer game during recess gets too competitive, she accidentally hurts her classmate Juan Gomez. Now everyone is calling her Mean Lola Levine! Lola feels terrible, but with the help of her family, her super best friend, Josh Blot, and a little "pencil power," she just might be able to turn it all around. In this first book in a series, young readers will be inspired by Lola's big heart and creative spirit as she learns to navigate the second grade in true Lola style!

Set in Lima, the novel tells of a love story whose participants may be the fictional characters of Don Rigoberto. With his usual sly assurance, Vargas Llosa keeps the reader guessing which episodes are real and which issue from the Don's imagination; the resulting novel, an aggregate of reality and fantasy, is sexy, funny, disquieting, and unflinchingly compelling.

Ana loves stories. She often makes them up to help her little brother fall asleep. But in her small village there are only a few books and she has read them all. One morning, Ana wakes up to the clip-clop of hooves, and there before her, is the most wonderful sight: a traveling library resting on the backs of two burros--all the books a little girl could dream of, with enough stories to encourage her to create one of her own. Inspired by the heroic efforts of real-life librarian Luis Soriano, award-winning picture book creators Monica Brown and John Parra introduce readers to the mobile library that journeys over mountains and through valleys to bring literacy and culture to rural Colombia, and to the children who wait for the Biblioburro. A portion of the proceeds from sales of this book was donated to Luis Soriano's Biblioburro program.

Her story. His story. The love story of Joey and Rory. By inviting so many into the final months of Joey ' s life as she battled cancer, Joey and Rory Feek captured hearts around the world with how they handled the diagnosis; the inspiring, simple way they chose to live; and how they loved each other every step of the way. But there is far more to the story. " My life is very ordinary," says Rory. " On the surface, it is not very special. If you looked at it, day to day, it wouldn' t seem like much. But when you look at it in a bigger context—as part of a larger story—you start to see the magic that is on the pages of the book that is my life. And the more you look, the more you see. Or, at least, I do." In this vulnerable book, he takes us for the first time into his own challenging life story and what it was like growing up in rural America with little money and even less family stability. This is the story of a man searching for meaning and security in a world that offered neither. And it ' s the story of a man who finally gives it all to a power higher than himself and soon meets a young woman who will change his heart forever. In This Life I Live, Rory Feek helps us not only to connect more fully to his and Joey ' s story but also to our own journeys. He shows what can happen when we are fully open in life ' s key moments, whether when meeting our life companion or tackling an unexpected tragedy. He also gives never-before-revealed details on their life together and what he calls " the long goodbye," the blessing of being able to know that life is going to end and taking advantage of it. Rory shows how we are all actually there already and how we can learn to live that way every day. A gifted man from nowhere and everywhere in search of something to believe in. A young woman from the Midwest with an anglic voice and deep roots that just needed a place to be planted. This is their story. Two hearts that found each other and touched millions of other hearts along the way.

Presents three stories about young children learning self-confidence and creativity when confronted with art projects.

A sumptuous feast of a book. Frida allows the reader to enter this revered artist's world, both literally and metaphorically. Through a series of consecutive die-cut pages, one is drawn in - passing through aspects of her life, art and creative process while exploring the themes that inspired her most, such as love, death and maternity. Excerpts from Frida Kahlo's personal diaries alternate with Sebastian Perez's poetic musings to give fresh insight and emotional depth, while Benjamin Lacombe's stunning artwork masterfully conveys the symbolism and surrealism of her art.

Famed for creating some of the most iconic images in European art - including Mona Lisa and The Last Supper - Leonardo da Vinci has influenced generations of artists and thinkers, and continues to do so after more than 500 years. While we cannot hope to emulate his achievements, da Vinci showed an attitude towards life from which we can all learn. A true polymath, he was also a sculptor, architect, musician, mathematician, engineer and an anatomist and, with an unquenchable thirst for knowledge, da Vinci was never satisfied with what he had learned, frequently turning his mind to new, unexplored subjects. He saw links between art and science, and constantly pursued perfection and accuracy in his work, so that he developed many techniques we continue to use to this day. Combining these strengths with a unique imagination, da Vinci came up with designs for inventions centuries ahead of their time. In How to Think Like da Vinci, you too can learn to think like the Renaissance man, seize your opportunities, harness your talents, innovate and experiment and imagine the impossible. Read about this great man's life and achievements and develop your understanding of one of the world's most eclectic and extraordinary minds.
