

Good Pharmacovigilance Practice Guide

Good Pharmacovigilance Practice Guide - Pharmaceutical Press

Good pharmacovigilance practice (GVP) guidelines In the past the European Commission also published pharmacovigilance guidance for human medicinal products (Volume 9A). The most recent of this guidance documents dates from September 2008:

Pharmacovigilance for medicinal products for human use.

Guideline on good pharmacovigilance practices (GVP) Module VI – Collection, management and submission of reports of suspected adverse reactions to medicinal products (Rev 2) Date for coming into effect of first version 2 July

2012 Date for coming into effect of
Revision 1 16 September 2014
The Good Pharmacovigilance Practice
Guide is the result of collaboration
between different groups within the
MHRA, including the GPvP
Inspectorate, the Pharmacovigilance
Group and the Clinical Trials Unit. By
highlighting the areas in which
inspection findings are commonly found
and providing specific examples of
good or poor practice, the ...

Good Pharmacovigilance Practice Guide | WHSmith

Good pharmacovigilance practices (GVP) are a set of measures drawn up to facilitate the performance of pharmacovigilance in the European Union (EU). GVP apply to marketing-authorisation holders, the European Medicines Agency (EMA) and medicines regulatory authorities in EU Member States. They cover medicines authorised centrally via the Agency as well as medicines authorised at national level.
