Sinclair Stevens resigned from the federal cabinet in May 1986, in the wake of conflict of interest allegations in reference to his private financial dealings with Magna International Inc., the Canada Development Investment Corporation, some Bay Street (Toronto) investment firms, Hyundai Corporation and his failure to comply with Conflict of Interest Guidelines. Report summarizes the allegations, Mr. Stevens private business interests before he became Minister, and his Ministerial duties. Contains descriptions of York Centre group of companies, and of the steps taken by the Minister in September 1984 to comply with Guidelines. Examines the role, nature and extent of communication Shirley Walker and Noreen Stevens had with the Minister and discusses at length the allegations and the extent to which Mr. Stevens was still involved in private business matters. Makes general recommendations for reforming the Guidelines.

Since 1991, the popular and highly modifiable Ford 4.6-liter has become a modern-day V-8 phenomenon, powering everything from Ford Mustangs to hand-built hot rods and the 5.4-liter has powered trucks, SUVs, the Shelby GT500, and more. The wildly popular 4.6-liter has created an industry unto itself with a huge supply of aftermarket high-performance parts, machine services, and accessories. Its design delivers exceptional potential, flexibility, and reliability. The 4.6-liter can be built to produce 300 hp up to 2,000 hp, and in turn, i become a favorite among rebuilders, racers, and high-performance enthusiasts. 4.6-/5.4-Liter Ford Engines: How to Rebuild expertly guides you through each step of rebuilding a 4.6-liter as well as a 5.4-liter engine, providing essential information and insightful detail. This volume delivers the complete nuts-and-bolts rebuild story, so the enthusiast can professionally rebuild an engine at home and achieve the desired performance goals. In addition, it contains a retrospective of the engine family, essential identification information, and c differences between engines made at Romeo and Windsor factories for identifying your engine and selecting the right parts. It also covers how to properly plan a 4.6-/5.4-liter build-up and choose the best equipment for your engine's particular application. As with all Workbench Series books, this book is packed with detailed photos and comprehensive captions, where you are guided step by step through the disassembly, machine work, assembly, start-up, break-in, and tuning procedures for all iterations of the 4.6-/5.4-liter engines, inc 2-valve and 3-valve SOHC and the 4-valve DOHC versions. It also includes an easy-to-reference spec chart and suppliers guide so you find the right equipment for your particular build up.
Negotiations toward a North American free trade area (FTA) started in early 1991. This study assesses the impact such negotiations would have on the US and Mexican economies, the goals of a North American ETA, and the implications for world trade relations. Three main topics are examined: the goals of the United States, Mexico, and Canada in pursuing closer trade ties, and the appropriate modalities and timetable for achieving those objectives; the implications of prospective negotiations: what should and should not be on the t the US-Canada model could be applied, and/or how that model would need to be modified; and the implications for the world trading system in light of the results of the Uruguay Round of multilateral trade negotiations in the GATT.

A Globe and Mail bestseller! • "Dr. Phil," Canada's best-known automotive expert, and George Iny walk you through another year of car buying. After almost fifty years and two million copies sold, Phil Edmonston has a co-pilot for the Lemon-Aid Guide — George Iny, along with the editors of the Automobile Protection Association. The 2018 Lemon-Aid features comprehensive reviews of the best and worst vehicles sold since 2007. You'll find tips on the "art of complaining" to resolve your vehicular woes and strategies to ensure you don't get squeezed in the dealer's business office after you've agreed on a price and let your guard down. And to make sure you receive compensation where it's due, Lemon-Aid's unique secret warranties round-up covers manufacturer extended warranties for performance defects. Lemon-Aid is an essential guide for careful buyers and long-time gearheads (who may not know as much as they think).
