Originally published as "Prison of Ice" in 1976, "Icebound" is an extensive rewrite from 1995. From the blurb: "Conducting a strange and urgent experiment of the Arctic icefield, a team of scientists has planted sixty powerful explosive charges that will detonate at midnight.

Icebound by David Axton - Goodreads

Experts located the person the hunter's cousin sold it to, and found the remains still as well preserved as the hunter had found them. The mammoth's skin, trunk, and even eyes were still fully in tact. The discovery was incredible, and is now visible to the public in a museum near where they found the remains. 5. The Legend of Green Boots

Ice Bound: A Doctor's Incredible Battle for Survival at ...

Dr. Kane propped himself up on the operating table with a mirror over his abdomen and three other doctors in the operating room as backup. Kane made the large incision needed to remove the appendix and his assistants sutured him up. (This was before new techniques allowed doctors to make small 'Band-Aid'-size incisions for appendix removal).
