

In The Front Line A Doctor In War And Peace

"On the front line" refers to a place: the place where the actual fighting is happening. It could refer to a large area such as a town or even the whole border between France and Germany, if there were troops and tanks all along that line. But in general it is the area where fighting could happen, where troops from both sides are present.

Dr. Fauci fought for science while frontline workers risked their own health to save others in a global pandemic.
