This New York Times bestselling novel from acclaimed author Walter Dean Myers tells the story of Steve Harmon, a teenage boy in juvenile detention and on trial. Presented as a screenplay of Steve's own imagination, and peppered with journal entries, the book shows how one single decision can change our whole lives. *Monster* is a multi-award-winning, provocative coming-of-age story that was the first-ever Michael L. Printz Award recipient, an ALA Best Book, a Coretta Scott King Honor selection, and a

National Book Award finalist. *Monster* is now a major motion picture called *All Rise* and starring Jennifer Hudson, Kelvin Harrison, Jr., Nas, and A\$AP Rocky. The late Walter Dean Myers was a National Ambassador for Young People's Literature, who was known for his commitment to realistically depicting kids from his hometown of Harlem.

Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. *Not Yet Married* is not about waiting quietly in the corner of the world for God to

bring you “the one,” but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that’s because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life. It’s not easy to be a teen girl, and it’s definitely not easy parenting one. Parents everywhere struggle to respond appropriately to challenging behavior, hit-or-miss communication, and fluctuating moods commonly exhibited by teenage girls. More than previous

generations, today's teen girls face a daunting range of stressors that put them at risk for a range of serious issues, including self-harming behaviors, substance abuse, eating disorders, anxiety, and depression. Is it any wonder that parents are overwhelmed? Parenting a Teen Girl is a guide for busy parents who want bottom-line information and tips that make sense—and work. It also offers scripts to improve communication, and exercises to navigate stressful interactions with skill and compassion. Whether your teen girl is struggling with academic pressure, social difficulties, physical self-care, or technology overload, this book offers practical advice to help you connect with your teen girl. Parents and teens

alike can enjoy a positive connection once common parent-teen pitfalls are replaced with solid understanding and strategies that work. In this book, you will learn how to:

- Maximize your teen's healthy development
- Understand what underlies her moods and behavior
- Implement strategies for positive results
- Communicate effectively about difficult issues
- Enjoy and appreciate time with your teen daughter

A thought-provoking introduction to the four Gospels, which are filled with demands straight from the mouth of Jesus Christ, looks at these demands in a redemptive-historical context, and then thoroughly examines each demand.

On top of that, she just failed her swim test and hates being in the water—it's terrifying. But her grandparents are strong believers in their family knowing how to swim, especially having grown up during a time of segregation at public pools. And soon strange things start happening—the sound of footsteps overhead late at night. A flickering light in the attic window. And

Celeste's cousins start accusing her of pranking them when she's been nowhere near them! Things at the old house only get spookier until one evening when Celeste looks in the steamy mirror after a shower and sees her face, but twisted, different... Who is the girl in the mirror? "This delightfully feminist rom-com has characters that feel like friends and will surely appeal to fans of Sarah Dessen."--Buzzfeed Cameron Bright is gorgeous, popular, and--according to her classmates--a total b*tch. But when her crush, Andrew, catches a glimpse of her cruelty up close, it's enough to drive him away for good. To win him over, Cameron resolves to "tame" herself, like Shakespeare's shrew, Katherine. If she can make amends to those she's wronged, Andrew will have to take notice. Cameron's

apology tour begins with Brendan, the guy whose social life she single-handedly destroyed. At first, Brendan isn't so quick to forgive, but slowly he warms to her when they connect over a computer game he's developing. To Cameron's amazement, she enjoys hanging out with Brendan, who views her honesty as an asset, and she wonders: maybe you don't have to compromise who you are for the kind of love you deserve.

Eleven-year-old Isabella's blended family is more divided than ever in this "timely

but genuine" (Publishers Weekly) story about divorce and racial identity from the award-winning and New York Times bestselling author of *Out of My Mind*, Sharon M. Draper. Eleven-year-old Isabella's parents are divorced, so she has to switch lives every week: One week she's Isabella with her dad, his girlfriend Anastasia, and her son Darren living in a fancy house where they are one of the only black families in the neighborhood. The next week she's Izzy with her mom and her boyfriend John-Mark

in a small, not-so-fancy house that she loves. Because of this, Isabella has always felt pulled between two worlds. And now that her parents are divorced, it seems their fights are even worse, and they're always about HER. Isabella feels completely stuck in the middle, split and divided between them more than ever. And she is beginning to realize that being split between Mom and Dad involves more than switching houses, switching nicknames, switching backpacks: it's also about switching identities. Her dad is

black, her mom is white, and strangers are always commenting: "You're so exotic!" "You look so unusual." "But what are you really?" She knows what they're really saying: "You don't look like your parents." "You're different." "What race are you really?" And when her parents, who both get engaged at the same time, get in their biggest fight ever, Isabella doesn't just feel divided, she feels ripped in two. What does it mean to be half white or half black? To belong to half mom and half dad? And if you're only seen as half of

this and half of that, how can you ever feel whole? It seems like nothing can bring Isabella's family together again—until the worst thing happens. Isabella and Darren are stopped by the police. A cell phone is mistaken for a gun. And shots are fired.

Why do we get so embarrassed when a colleague wears the same shirt? Why do we eat the same thing for breakfast every day, but seek out novelty at lunch and dinner? How has streaming changed the way Netflix makes recommendations? Why do people think the music of their

youth is the best? How can you spot a fake review on Yelp? Our preferences and opinions are constantly being shaped by countless forces – especially in the digital age with its nonstop procession of “thumbs up” and “likes” and “stars.” Tom Vanderbilt, bestselling author of *Traffic*, explains why we like the things we like, why we hate the things we hate, and what all this tell us about ourselves. Soon, though, Josie manages to make friends with the most popular girl in the sixth grade, Vanessa. When Vanessa

eventually invites Josie back to her house to hang out, Hosie doesn't question it. Not even when Vanessa takes her into the woods, and down an old dirt road, toward the very house Grandma Jeannie had warned her about. As Josie gets caught up in her illicit friendship with Vanessa, Annie is caught in the crossfire. What follows is a chilling tale of dark magic, friendship, and some very creepy dolls. Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a

missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

What if taking care of yourself was the first step to helping your family thrive?

If you've parented long enough, then you've learned firsthand why your personal wellness matters. You've felt the pain (or consequences) of devaluing yourself. Whether your wake-up call came from a diagnosis, a breakdown, an issue with your child or spouse, anxiety, or simply feeling depleted and numb, it most likely unveiled this truth: Mothers are humans too. We require love, compassion, rest, and renewal. Taking care of our needs strengthens us and equips us for the road ahead. In *More Than a Mom*, bestselling

author Kari Kampakis offers a practical, approachable, and attainable framework to stay on a healthy path. You can take your kids only as far as you've come—and since their strength builds on your strength, you must take time to focus on you. *More Than a Mom* is about unleashing God's power in your life and standing on timeless truths that will help you know your worth and embrace your purpose, build strong, uplifting friendships that you can model for your children, quit the negative self-talk and make peace with your body, and

learn to mother yourself by resting and setting boundaries. The world shaping your children is more callous and complex than the world that shaped you. Kids need to be stronger, smarter, and more rooted in what's real. Empower your son or daughter by tending to your heart, soul, body, and mind. Give them a vision of a healthy adult—and know that as they launch into the real world, they will build on what you started.

News Sunday Morning, a collection of daring, funny essays chronicling the author's adventures during her lifelong quest for approval Faith Salie has done it all in the name of validation. Whether she's trying to impress her parents with a perfect GPA, undergoing an exorcism to save her toxic marriage, or baking a 3D excavator cake for her son's birthday, Salie is the ultimate approval seeker—an “approval junkie,” if you will. In this collection of daring, honest essays, Salie shares stories from her lifelong quest for

gold stars, recounting her strategy for winning (very Southern) high school beauty pageant; her struggle to pick the perfect outfit to wear to her divorce; and her difficulty falling in love again, and then conceiving, in the years following her mother's death. With thoughtful irreverence, Salie reflects on why she tries so hard to please others, and herself, highlighting a phenomenon that many people—especially women—experience at home and in the workplace. Equal parts laugh-out loud funny and poignant,

Approval Junkie is one woman's journey to realizing that seeking approval from others is more than just getting them to like you—it's challenging yourself to achieve, and survive, more than you ever thought you could.

build strong relationships with their daughters, and Kari Kampakis's *Love Her Well* gives them ten practical ways to do so, not by changing their daughters but by changing their own thoughts, actions, and mind-set. For many women, having a baby girl is a dream come true. Yet as girls grow up, the narrative of innocence and joy changes to gloom and doom as moms are told, "Just wait until she's a teenager!" and handed a disheartening script that treats a teenage girl's final years at home as solely a season to survive. Author and blogger Kari Kampakis suggests it's time to change the narrative and mind-set that

lead moms to parent teen girls with a spirit of defeat, not strength. By improving the foundation, habits, and dynamics of the relationship, mothers can connect with their teen daughters and earn a voice in their lives that allows moms to offer guidance, love, wisdom, and emotional support. As a mom of four daughters (three of whom are teenagers), Kari has learned the hard way that as girls grow up, mothers must grow up too. In *Love Her Well*, Kari shares ten ways that moms can better connect with their daughters in a challenging season, including: choosing their words and timing carefully,

Page 44/85

liked-whose-approval-are-you-living

listening and empathizing with her teen's world, seeing the good and loving her for who she is, taking care of themselves and having a support system, and more. This book isn't a guide to help mothers "fix" their daughters or make them behave. Rather, it's about a mom's journey, doing the heart work and legwork necessary to love a teenager while still being a strong, steady parent. Kari explores how every relationship consists of two imperfect sinners, and teenagers gain more respect for their parents when they admit (and learn from) their mistakes, apologize, listen, give grace, and try to understand their teens' point of

view. Yes, teenagers need rules and consequences, but without a connected relationship, parents may never gain a significant voice in their lives or be a safe place they long to return to. By admitting her personal failures and prideful mistakes that have hurt her relationships with her teenage daughters, Kari gives mothers hope and reminds them all things are possible through God. By leaning on him, mothers gain the wisdom, guidance, protection, and clarity they need to grow strong relationships with their daughters at every age, especially during the critical teen years.

But, unlearning and relearning requires much more—it requires choosing courage over comfort. In Think Again, Adam Grant weaves together research and storytelling to help us build the

intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." –Brené Brown, Ph.D., #1 New York Times bestselling author of Dare to Lead The bestselling author of Give and Take and Originals examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive

skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred

beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but

listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an

Page 61/85

invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

How to Connect with What 's Most Important in a Hyperconnected World Social media has the power to do a lot of good, but it can also get in the way of authenticity and create a sense of disillusionment. In *Overliked*, pastor and author Rob Singleton, asks readers to take a closer look at the optics in their lives and in the world around them. This is a book about understanding how to see “ likes ” and “ selfie ” culture for what they really are and how to connect with the heart of God to build out a new way of thinking about social image. We have technology and social tools all at our disposal, but when we recognize that so many in our culture now look for

acceptance in how they 're perceived, feel pressure to project something about themselves that isn 't true, or take action based on facts that have been spun, that 's a problem that runs deep. Singleton shows readers how to find their way through the complexities by pointing them to God, who created truth, genuine love, and meaningful relationships. Written for those who believe—for this generation and the next—that they need to get a better handle on what 's real in this culture and in the lives of those they care about, this book brings authenticity and hope to the center of it all. Singleton offers powerful insights into how we can better leverage the information

in the world around us without losing who we are. When we begin to see the real us behind the avatars, we gain the clarity we need to live better, love bigger, and become who we were always meant to be.
