

Mindfulness Be Mindful Live In The Moment

Mindfulness is the act of being fully in the present moment. Your mind is not in the past nor is it in the future. It is right here, right now. And the key to being mindful is to stay present with mindfulness exercises. Being in the moment is something that's rare these days.

Mindfulness is living in the moment, not living for the moment. Research shows that the number of people who experience depression and anxiety has slowly but steadily risen in the last 20 years. Feeling overwhelmed by the past or the future takes us away from living in the now, in the present. Too often, we let the present slip away.
