

Paccar Mx340 Euro 5 Engine Workshop Manual

In developing the new 10.8 litre PACCAR MX-11 engine for the Euro 6 CF and XF, high performance, low weight and low fuel consumption were the main focus. In addition of course to maximum reliability and service life, and optimum vehicle availability. The PACCAR MX-11 engine is available with outputs from 290 to 440 hp and is ideal for application in the distribution segment and for heavy ...

Paccar Mx340 Euro 5 Engine PACCAR MX engines use SCR technology to comply with the Euro 5 requirements for exhaust gas emissions. The SCR technology does not interfere with the combustion process, which therefore can be optimised for high performance with low fuel consumption and low emission of particulate matter.
