Ready-to-color drawings of 44 magnificent cars -- 1915 Stutz Bearcat, 1934 Duesenberg Model J, 1957 Ford Thunderbird convertible, 1963 Chevrolet Corvette Sting Ray split-window coupe, 1997 Dodge Viper GTS, and more. Identifying captions.

Accurate line renderings of over 70 alligators, snakes, lizards, frogs, toads, and more. Concise captions give scientific name, size, habitat, coloring, distinguishing characteristics, other data. Total of 44 black-and-white illustrations, reproduced in authentic color on covers. Copyright-free, wonderful for learning, coloring.

A fascinating, interactive coloring book for herpetology students as well as readers and artists fascinated by reptiles, illustrated with more than 85 black-and-white line drawings and also includes the anatomy and physiology of each group of reptiles. The Reptiles Coloring Book is a comprehensive compendium of both known and obscure reptiles, including turtles, crocodilians, snakes, lizards, and tuataras, as well as their extinct relatives. Inside, you'll find dozens of black-and-white line illustrations to color, accompanied by full-color photographs and detailed facts on each creature, including information about reproduction, anatomy, venom production, behavior, thermal shuttling, hibernation, vision, defensive behavior, conservation, and much more. The Reptiles Coloring Book uses Coloring Concepts Inc.'s unique methodology for kinesthetic learning, which involves physically interacting with a subject to facilitate understanding. Kinesthetic techniques are used in combination with visual and or auditory study techniques, producing multi-sensory learning. The Reptiles Coloring Book comes complete with a handy Table of Contents, index, glossary, and references, and a full-color photo insert. This intriguing presentation utilizing expertly designed illustrations on the subject is not only informative, but provides an introductory education for anyone interested in reptiles and their characteristic lifestyles.

Beautifully detailed full-page images form a gallery of 46 common and

exotic butterflies. Follow the numbered guide to create accurate portraits of a ruddy daggerwing, luna moth, white admiral, and other species.

National Geographic Readers: Snakes!

Snakes of the World Coloring Book Ssssnakes Perfect Snake Animal Coloring Books for Boys, Girls, and Kids of Ages 4-12 and Up A Coloring Book

People who love kids spend a sizeable amount of their adult life obsessing about how their lives would be with kids in it. They wonder how they can be good parents and be their kids' ultimate companion. They actively or passively prepare for this period of their

lives and try to figure out ways to connect with their kids. The kids came with a need to express themselves, and it turns out that drawing is one of these needs. Herein lies the problem; the parent cannot draw. If this is your story, we understand how hard it is for you to confront that wrong notion that you cannot be there for your kids. You do not have to feel this way because you can always get help. Now, that help has come in the form of this drawing book. You do not have to feel like you are not doing enough for your kids in the area of creative expression because now, you can always bring out this book and guide them on how to use it to fulfill their drawing needs. The best part of this is that you will be doing it together; you learn as they learn and at the same time, you get to connect with them on a deeper level. So yes, you may not have much artistic or drawing skill, but you can help your kids develop theirs, and this book and the drawing guides in it will help you get them there. You and your kids are about to have the most amazing creative experience - one that you will talk about for years to come.

Expertly rendered illustration of plants, flowers and animals accurate enough to be used as identification aids! Informative captions provide valuable information. Most include full-color illustrations on the covers. Fun and educational for nature lovers of all ages. All illustrations can be used for many art and craft purposes, without fee or permission. Over 40 species: king cobra, black mamba, boa constrictor, puff adder, Indian python, milk snake, garter snake, many more.

Beware of these menacing creatures, ready to burst off the page with thrilling 3-D effects! Creep through a jungle with a cobra or swim through a swamp with a crocodile. Includes 3-D glasses.

Reptile Coloring Book for Adults

Get fantastic value for money with this huge Reptile Coloring Book! These expertly illustrated reptile designs will provide hour upon hour of entertainment! This reptile coloring book contains 40 single sided coloring pages. This allows you to remove each page for framing or to use as coloring reference in a portfolio for example. This also helps reduce bleed through onto the other designs even if you are using markers, making this book suitable for everything from coloring pencils through to marker pens. The reptile designs contained within this fantastic book are created by various artists, each hand picked by us here at Adult Coloring World to ensure fantastic quality throughout. We know that sometimes you will buy a book after being impressed initially by an amazing design on the cover, only to be disappointed with the books contents when you open it. Well we make sure this never happens with any of our books and we can assure you that all of the designs inside are high quality from start to finish. This adult coloring book of reptiles contains a wide variety of imagery. The designs you will find inside also range from very easy

simplistic designs right through to the more challenging and complicated, so there will be something to suit all tastes. If you love reptiles, then you are sure to love this adult coloring book too. Over 40 species. Add your colors to the king cobra, black mamba, boa constrictor, puff adder, Indian python, milk snake, garter snake, and many more. Captions.

For millennia, humans have regarded snakes with an exceptional combination of fascination and revulsion. Some people recoil in fear at the very suggestion of these creatures, while others happily keep them as pets. Snakes can convey both beauty and menace in a single tongue flick and so these creatures have held a special place in our cultures. Yet, for as many meanings that we attribute to snakes—from fertility and birth to sin and death—the real-life species represent an even wider array of wonders. The Book of Snakes presents 600 species of snakes from around the world, covering nearly one in six of all snake species. It will bring greater understanding of a group of reptiles that have existed for more than 160 million years, and that now inhabit every continent except Antarctica, as well as two of the great oceans. This volume pairs spectacular photos with easy-to-digest text. It is the first book on these creatures that combines a broad, worldwide sample with full-color, life-size accounts. Entries include close-ups of the snake's head and a section of the snake at actual size. The detailed images allow readers to examine the intricate scale patterns and rainbow of colors as well as special features like a cobra's hood or a rattlesnake's rattle. The text is written for laypeople and includes a glossary of frequently used terms. Herpetologists and herpetoculturists alike will delight in this collection, and even those with a more cautious stance on snakes will find themselves drawn in by the wild diversity of the suborder Serpentes.

Snakes of the World Coloring Book for Adults

Lifelike portraits of 30 scaly creatures—from a tiny dwarf chameleon to a ten-foot-long Komodo dragon fill this coloring book. Valued as exotic pets in many parts of the United States and around the world, lizards come in a wide range of shapes and sizes. Award-winning nature artist Jan Sovak has accurately rendered 30 of these curious creatures and placed them in appropriate habitats. Included are realistic images of a leaf-tailed gecko, a blue-tongued skink, a ferocious-looking marine iguana, a chuckwalla—a plump lizard with a taste for fruit, leaves, buds, and flowers—and many other varieties. Descriptive captions included.

Volume 2. Snakes of the world coloring book, perfect snake animal coloring books for boys, girls, and kids of all ages

Readers might know someone with a snake as a pet. But after reading this book, they'll think twice about getting one themselves. The US Humane Society recommends that snakes be left in their native habitats. It's very difficult for people to create artificial environments that can keep snakes healthy and content. This book contains stories of people who tried to keep snakes such as constrictors as pets with sometimes terrifying results. Readers discover why it's best to respect wild animals for what they are: wild.

They're SSSSLITHERY! SLIPPERY! They creep us out! But get to know them and you'll find snakes private, quiet types who just want a cool, shady place to call home. From the tip of their forked tongues, to skin that sheds, to the rattles on certain tails, these creatures have secrets all kids will love. Cool photos and fun facts slip us inside their surprising world.

Wonderful World of Horses Coloring Book
