This book is a highly topical look at how our decisions about what is right and wrong play out on an individual, local, national and global scale. It examines topics that are strongly connected to the values people hold and their ideas of right and wrong, such as democracy, justice, fairness, prejudice and discrimination, education, climate change and war.

~~wrong in life? – Quora~~
So the CwG statement that “there’s no such thing as right and wrong” is not an argument for abandoning our current notions about what is right or wrong. It is an argument for being clear that our notions are precisely that; our notions. They represent our current ideas about things. This has nothing to do with objective reality.

~~What is ‘Right’ and What is ‘Wrong?’ > Neale~~

Donald Walsch

Right and wrong are the following or breaking of rules that are sanctioned by their utilitarian value. A proposed "middle ground" between these two types is Two-level utilitarianism , where rules are applied in ordinary circumstances, but with an allowance to choose actions outside of such rules when unusual situations call for it.

Ethics -- Wikipedia

The alternative view of ethics is that right and

wrong are as fundamental to the truth of the universe as is gravity, except we have a choice whether we obey the ethics or not. There are two basic views here. Right and wrong originate with God This is the most common explanation, and it makes moral standards objective.

~~How do we know right and wrong? | Is there a God?~~

Therefore, no matter how much one thinks things

through, without God and religion – specifically, the God of and the religions based on the Bible – the individual's conclusions about what is right or wrong can only be opinions about what is right or wrong. Without God and religion, morally speaking, there is no fixed North or fixed South.
